I first discovered this author when I read Hidden Wings and absolutely fell in love with the story. **Gilded wingsaholic** I bought this book immediately upon learning of it's release because I love this series as I do with all books by this author including her After Light young adult dystopian series which is probably my favorite of her series. **Gilded wingskysemi** So much has happened by this point and each book has been filled with an exciting series of events in evils' quest to take Emma and it's perfect for the young adult reader. **Gilded Wings book** Lucifer father of Ethon who is now bonded to Emma has just made Emma promise to seal the bond with Ethon before her transformation or he will kill all the people she loves. **PDF Gilded wingstop** The book had some great twists and turns that certainly were not expected and honestly i ****SPOILER ALERT!**** I was sad to see that tragic end that Ethon had he seemed to have a good heart but was never Emma's choice. **Book Gilded wings etc** The only thing i was unsure about is some of the conversations between some characters (particularly Emma and her friends) don't seem realistic in a sense that you don't see someone her age talking like a particular way **HOWEVER** i don't believe it takes away from the story and it wasn't enough to have me stop reading the book. **Gilded Wings bookkeeping** But who will survive and at what cost? Gilded Wings (Hidden Wings Series Book Four) Sophomoric but bearable horrible editing and punctuation too many repetitive battle scenes decent storyline but potential was lost with page after page of useless dialogue and teenage angst. **Gilded Wings booking** A bit disappointing Gilded Wings (Hidden Wings Series Book Four) oh my holy heck! Bump this series right up to the top of my favorites list! And I can tell you right now I will be reading it again very soon! For the last book in the series (I seriously hope this is not the last book in this series!!!) it is fantastic! Full of action and excitement and heartbreak! **OH THE HEARTBREAK!** and the laughterI had tears I was laughing so hard. **Gilded Wings booking** Have you ever read a series that when you look back on it it just makes you smile and happy and all warm and fuzzy on the inside? Yah and that those who love you and you them will be there with you through the darkness, **Gilded Wings epub file** Spoiler alert here ☐ I loved ethon and it was unfortunate for his end but then again I kind of am glad she didn't go through with it: **Gilded Wings pdf24** Anyways it the bomb for the ending and I hope to read soon for her kiddos or stories of the other guardians, **Gilded Wings ebook** you are the MAN! There's a prophecy concerning Emma and the evil creatures don't want it to happen, **Gilded wingsfest** This is all background from the first book as this is the last in this four book series. **Gilded Wings epub.pub** This one starts shortly before Emma is to transform and right after the end of the last book, **Book Gilded wingspan** Since she loves Kade the thought of living an eternity in hell with Ethon and Lucifer devastates her. **Gilded wingsfest** There were twists and turns and I was really upset with the author for awhile during part of this book, **Gilded Wings kindle reader** Since the whole last part of the book was non stop action I had to read that part non stop as well: **Gilded wingsshade** Cameo Renae knows how to write fiction for the young adult audience, **Infatuate a gilded wings novel book two** She has written likable characters heinous villains and keeps the action flowing throughout, **Gilded Wings epub reader** Romance in this series is sweet and although there is a bit of lust nothing sexual happens other than kissing so this makes it perfect for probably ages 14 up. **Gilded wingskysemi** These books are so popular they always become international best sellers. **PDF Gilded wings etc** I highly recommend them to young adults and to all the adults that have fallen in love with this series as well ones that just haven't read this one yet. **Infatuate a gilded wings novel book two** On a side note this author's book covers are all so beautifully done! I loved the story line and the little subtle life

lessons placed in there: **Book Gilded wings etc** The characters were unique and were equally given enough spotlight and merged beautifully with the story, **Book Gilded wingspan** I am definitely recommending this book to everyone who loves a bit of love and banter. **Book Gilded wings etc** Gilded Wings (Hidden Wings Series Book Four) This is a very good ending to the series complete satisfaction but still has heart break, **Gilded wingskysemi** I loved it! But I wish he could have survived but for someone else.S. Kade. It was really good.The story line was good. Its not natural. And I am going to leave it at that.This book was filled with romance action battles and deaths. Not everything works out okay with all to say the least. Otherwise known as not being able to put it down. I love that the heroin isn't some simpering female. She is strong I was completely enthralled with it. The plot was well thought out and executed. Who she wants is no longer an option. War is inevitable. Gilded Wings (Hidden Wings Series Book Four)
