Derek Jarman was an English film director stage designer artist and writer. INCREDIBLY FABULOUS.... Personal yet isolated. Blue is also the name of the 'main character'. for me it was a good thing. Derek Jarman at his best. This is easily the prize book in my collection. The feeling in Blue is one of loss and hope. This film now holds a very special place in my heart. For Blue there are no boundaries or solutions. The poetry was gorgeous and heartbreaking and honest. Ik ben wederom achtergelaten met onwijs veel inspiratie..
